[Download NIAS'18 Mobile App](#) and have the latest conference info at your fingertips.

Join the NIAS Cyber Challenge

Win a free

SANS information security training course!

Play CyberStart Go, your chance to experience life as a cyber security professional.

Join our CyberStart Go challenge, and experience life as a cyber security professional.

Players will be asked to solve challenges related to the cyber security domain such as cryptography, Forensic, Linux, Open Source Intelligence and web application attacks. These challenges will be based on scenarios which any security specialist could face in their job.

Play & Win!

1st place: SANS Live course seat in EMEA in 2019*

2nd place: NetWars continuous licence

3rd place: Ticket to SANS EMEA Summit of your choice in 2019*

** The prize does not cover travel and accommodation costs.*

Register [HERE](#) to attend the Alliance's premier cyber conference!

Attendance is free of charge for NATO and EU Nations civilian and military officials.
